----- EDUCATION -----

Honors Bachelor of Software Engineering

expected 2019

Lassonde School of Engineering, York University, Toronto, ON

----- TECHNICAL SKILLS -----

Operating Systems:

- Microsoft windows, Mac OSX, Ubuntu, Chrome OS

Programing languages:

- Java, C, MIPS assembly, Eiffel, Shell Script, SQL, NoSQL, Swift, HTML5, CSS3, PHP, JavaScript, Matlab, Jenkin.

Framework:

- Relational Database Management Systems, Eclipse IDE, Test Driven Development, Agile Development, XCode, Android Studio, GitHub, Cassandra, Oracle SQL Developer, Wordpress, Bootstrap, Eiffel Studio, BMC Remedy, IBM notes, Adobe Photoshop and illustrator.
- Strong understanding of Model View Controller as a software design pattern
- Strong conceptual and logical knowledge of programming languages stated above, handling and debugging.
- Good understanding of Software Development Life Cycle (SDLC)
- Ability to design efficient and maintainable programs and applications based on algorithms learned through courses.

----- PROJECTS -----

Java Application Development

LE/EECS 2311, Software Development Project

- Developed a Guitar tablature to reformat guitar notes written in ASCII to a pdf with guitar bars.
- Used Eclipse IDE, iText library, and various Java libraries for parsing the input text.
- Performed unit testing as the project developed over the time for application functionalities with different inputs.

 <https://github.com/bsebt/GuitarTablature>

Freelance Work for Pro Auto Body Inc.

- Developed a java program to translate amount of money from number to English representation.
- Used Java language to pars and convert numbers into dollar and cents amount written in English
- Used Java swing library to create the simplest interface for client daily usage.

 <https://github.com/bsebt/NumbersToLetters>

iOS (Drug on Time)

- Developed an iPhone app during Queens University Hackathon using xcode8 and swift3 to provide a platform for connecting doctors and patients.
- Doctors input patient's prescription and users get notification on their phone to take their medicine on time.
